

## B. My Star

(Christoph Puhl)

G C F  
When the stars begin to shine  
C F  
I look up, I know it's mine  
Am Em  
The one, not very bright  
F C G  
But even though it lightens up the night

G C F  
And when all the girls I pass  
C F  
On the street or on the grass  
Am Em  
Maybe some look cute  
F G C  
But the only one I love is you

REF  
C F  
Sun and stars and moon and clouds  
G C  
Whatever - it makes me proud  
F  
I remember your smiling face  
C G C F C G  
On everything I see, on every pl-a-a-a-ace

G C F  
All the birds in the zoo  
C F  
They sing – even the kakadoo  
Am Em  
But the only one who sings with proud  
F C G  
Is the one who's out  
G C F  
Side the cage and really free  
C F  
The thing that we ought to be  
Am Em  
Cause you and I belong together  
F G C  
to snuggle during rainy weather
